

Create your API key in 1 minute

The key connects your panel to the Telegram assistant, Sigma or your own system.
You do it once.

This page: <https://ajuda.solutionsapp.site/en/api-key/>

1 Log in to your panel: `my.maxplayer.tv`.

2 In the menu, click **Public API**.

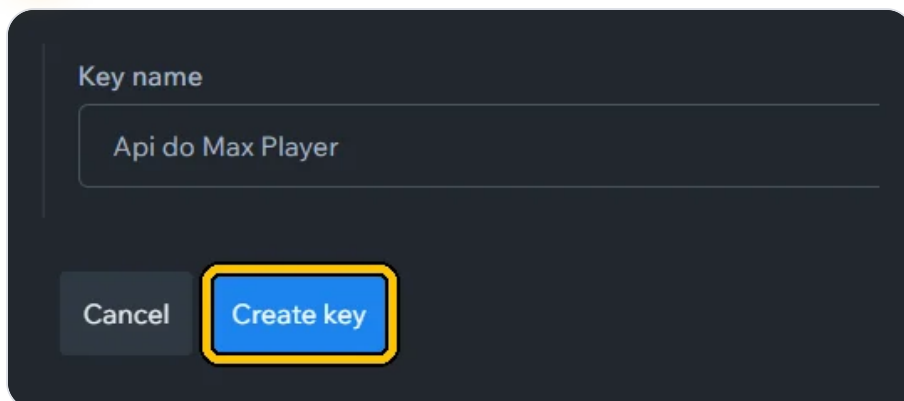

3 Click **Create key**.

4

Give it a name you will recognize (e.g. **Sigma**) and click **Create key** again.

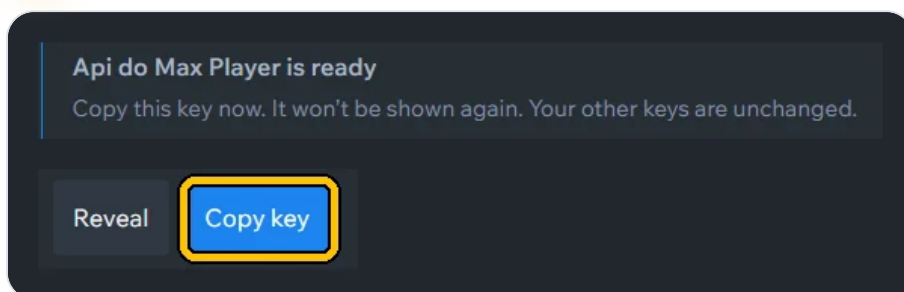

Key name

Api do Max Player

Cancel Create key

5

Click **Copy key** and save the key. It is shown **only once**.

Api do Max Player is ready

Copy this key now. It won't be shown again. Your other keys are unchanged.

Reveal Copy key

The key works like a password. Never send it in groups or screenshots. Lost or leaked? Delete it in **Public API** and create another.

The key is not your panel password or the list link. Copy the whole key, with no spaces before or after.
