

Copy, paste, sell: ready-made messages

Tap **Copy**, replace what is in brackets and send it on WhatsApp.

This page: <https://ajuda.solutionsapp.site/en/ready-messages/>

✓ Login ready

Hi [name]! Your MaxPlayer login is ready ✓

👤 Username: [username]

🔑 Password: [password]

1 Install the app: <https://tutoriaisdoapp.online/en/install/>

2 Sign in with the username and password: <https://tutoriaisdoapp.online/en/sign-in/>

Freezing? See here: <https://tutoriaisdoapp.online/en/freezing/>

📺 How to install

To install MaxPlayer, tap your device and follow the steps:

<https://tutoriaisdoapp.online/en/install/>

The app is free. Don't create an account: use the username and password I sent you 😊

🚑 Freezing

Freezing? If your app has DNS 1 and DNS 2, open ⚙️ Settings and switch to the other list. Most of the time it fixes it right away.

Step by step: <https://tutoriaisdoapp.online/en/freezing/>

Renewal (3 days before)

Hi [name]! Your login expires on [date]. Renew now and keep watching without a break: [payment link]

Any questions, just message me 😊

Referral

[name], enjoying MaxPlayer? Refer a friend: when they sign up, you get [1 free month] 📺

They just need to message me and say you sent them.

Customer gone quiet

Hi [name]! I noticed you have not watched for a few days. Is the app OK? If it froze and your app has DNS 1 and DNS 2, switch lists in ⚙️ Settings. I am here to help 🙌

For people who are not customers yet

Have you seen MaxPlayer? Channels, movies and series in a fast app, on any TV 📺

Take a look: <https://tutoriaisdoapp.online/en/meet-the-app/>

Want to try it? Message me! 🚀
